

1. Record Nr.	UNISA996393042803316
Autore	Cooke James <1614-1694.>
Titolo	Mellificium chirurgiæ: Or, The marrow of chirurgery [[electronic resource]] : With the anatomy of human bodies according to the most modern anatomists; illustrated with many anatomical observations. Institutions of physick, with Hippocrates's Aphorisms largely commented upon. The marrow of physick, shewing the causes, signs and cures of most diseases incident to human bodies. Choice experienced receipts for the cure of several distempers. The fourth edition, enlarged, with many additions. Illustrated in its several parts with twelve copper cuts. By James Cooke of Warwick, practitioner in physick and chirurgery. Revised, corrected and purged from many faults that escaped in the former editions, by reason of the author's great distance from the press; by Tho. Gibson, M.D. and fellow of the College of Physicians, London. Licensed by the College of Physicians
