| Autore                  | Beverley John, Fellow of Trinity College, Cambridge                                                                                                                                                                                                                                                                                                                                                                                      |
| Titolo                  | Unio reformatium. Or, The Presbyterian and Independent vindicated, from the contradictory way of free-admission [[electronic resource] ] : especially, in answer to John Timpson, and W. Morioe, much tending to the desired union of reformers in the churches truth and peace: in seven chapters. / / By John Beverley, sometime fellow of Trin. Col. Camb. and lately pastour of the Church of Christ at Rothwell in Northamptonshire |
| Pubbl/distr/stampa      | London, : Printed by Ja. C. for John Allen at the Rising-Sun in Pauls Church-yard., 1659                                                                                                                                                                                                                                                                                                                                                 |
