Nota di contenuto	The imprudence of isolationism -- The perils of neorealism -- The unrealistic realism of classical realists -- The perils of liberal multilateralism -- Moral democratic realism -- Moral democratic realism and the endgame of the Cold War -- The Bush doctrine and Iraq : a sound application of a sound doctrine -- Conclusion : beyond the war on terror.
Sommario/riassunto	Noted historian Robert G. Kaufman contends that the terrorist attacks of September 11, 2001, shattered the optimism so prevalent in the United States during the tranquil and prosperous 1990's. President George W. Bush's controversial grand strategy for waging a preemptive Global War on Terror has ignited passionate debate about the purposes of American power and the nation's proper role in the world. In Defense

of the Bush Doctrine offers a vigorous argument for the principles of moral democratic realism that inspired the Bush administration's policy of regime change in Iraq. Kaufman connect
