Titolo	Strange news from Italie [[electronic resource]] : Being a true relation of a dreadful earth-quake: that lately happened in Romania and the Marches of Ancona, on last Holy Thursday, April 14. 1672. Wherein was thrown down and destroyed several churches, palaces, and almost all the great houses of religion in the city of Rimini, the lesser buildings not escaping without great damage: therewith burying some hundreds of persons in their ruins. Being a wonderful example of Gods power and providence. Translated from the Italian copie, as it was faithfully printed at Naples
