Autore	Walker George <1581?-1651.>
Titolo	The doctrine of the holy weekly Sabbath [[electronic resource]] : wherein is discovered the true ground and the time of the first institution, the nature of the law binding man to keepe and sanctifie it, and the necessity as of the observation of it on the seventh and last day of the weeke in the time of the Old Testament, so of the remooving of it to the first day now under the Gospell : also besides the speciall duties necessarily required for the due sanctification thereof, these two profitable points are proved by demonstrations out of Gods word : first, that the Lord Christ God and Man is the Lord of the Sabbath ... : secondly, that the faithfull under the Gospell are as necessarily bound to keep the weekly Sabbath of the Lords day by vertue of the fourth commandement, as the fathers under the law were bound to keepe the seventh day // delivered in divers sermons by George Walker .
