Note generali	"This was undoubtedly written in the autumn of 1644 but was received by Thomason on April 30, 1645: so either it was long in reaching Thomason, or, as is more probable, there was delay in printing and publishing the book, and the "1644" on the title page was never altered"--Madan. "A copie of the information presented to the Councell-table by Richard Culmer, against M. E.B.", E3v-E4r. Imperfect; final leaf torn, affecting text. Reproduction of the original in the British Library.
