2. Record Nr.	UNISA996396948603316
Autore	Wharton George, Sir, <1617-1681.>
Titolo	A second narrative of the late Parliament (so called.) [[electronic resource]] : Wherein, after a brief reciting some remarkable passages in the former narrative, is given an account of their second meeting, and things transacted by them: as also, how the Protector (so called) came swearing by the living God, and dissolved them ... Together with an account of three and forty of their names, who were taken out of the house, and others that sate in the other house, intended for a House of Lords; but being so unexpectedly disappointed, could not take root; with a brief character and description of them ... By a friend to the good old cause of justice, righteousness, the freedom and liberties of the people ... To which is added a third narrative; being a short view of the quarrel between the King and Parliament .
