| Nota di contenuto       | Transforming concerns about human remains into an issue --<br>Scientists contest repatriation -- The crisis of cultural authority -- The<br>rise and impact of pagan claims-makers -- Explaining why human<br>remains are the problem -- Covering up the mummies -- Concluding<br>thoughts.  |
| Sommario/riassunto      | Since the late 1970s human remains in museum collections have been<br>subject to claims and controversies, such as demands for repatriation<br>by indigenous groups who suffered under colonization. These requests<br>have been strongly contested by scientists who research the material<br>and consider it unique evidence. This book charts the influences at play<br>on the contestation over human remains and examines the |

construction of this problem from a cultural perspective. It shows that claims on dead bodies are not confined to once colonized groups. A group of British Pagans, Honouring the A
