Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	Frontmatter -- Contents -- Foreword -- Acknowledgments -- blu -- Cast Of Characters -- Glossary
Sommario/riassunto	Memory, history, and culture collide with the starlit rooftop dreams of a myth-inspired character as Soledad and her partner, Hailstorm, redefine family on their own terms after the death of their eldest son in Iraq. blu, steeped in poetic realism and contemporary politics, challenges us to try to imagine a time before war. Selected as the winner of the 2010 Yale Drama competition from more than 950 submissions, Virginia Grise's play blu takes place in the present but looks back on the not too distant past through a series of prayers, rituals, and dreams. Contest judge David Hare commented, "Virginia Grise is a blazingly talented writer, and her play blu stays with you a long time after you've read it." Noting that 2010 was a banner year for women playwrights, he added, "Women's writing for the theatre is stronger and more eloquent than it has ever been."

Sommario/riassunto	This book explores the nuanced dynamics that shape immigrant entrepreneurship. It examines how time, context, and gender influence entrepreneurial behaviours of diasporas in emerging contexts, offering a fresh perspective on the motivations, strategies, and challenges faced by immigrant entrepreneurs. Through a multidisciplinary approach, the authors examine the intersection of cultural adaptation, economic

aspirations, and social networks, and their evolution over time. By focusing on gender and behaviours unique to diaspora groups, this book provides an in-depth understanding of the impact of identity and heritage on business practices and the transformative role of immigrant entrepreneurs in their host countries. Featuring real-world case studies, this book is an essential resource for scholars, researchers, academics, practitioners, and policymakers interested in the changing landscape of immigrant entrepreneurship in today's interconnected world.
