Sommario/riassunto

Practicing Convergence Journalism teaches budding journalists how to make the most of digital technology to tell their stories effectively across multiple media platforms-in print, audio, video and online. Janet Kolodzy addresses multi-media and cross-media thinking, organizing, reporting and producing for both short-form spot news and long-form features. Her approach focuses on storytelling principles, not just specific technical practices, providing journalists with the mindset and skills they need to adapt their writing and reporting for the tools of today and tomorrow. <
