

1. Record Nr.	UNISA996427041403316
Titolo	Frontiers in neuroergonomics
Pubbl/distr/stampa	Lausanne, Switzerland : , : Frontiers Media SA, , [2020]-
ISSN	2673-6195
Descrizione fisica	1 online resource
Soggetti	Neuroergonomics Human engineering Ergonomics Cognitive Neuroscience Periodical Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	Dissemination of research results that advance a neuroscience and neuroengineering application to human factors, ergonomics and engineering by presenting and discussing novel approaches, design tools, methodologies, techniques, and solutions for understanding the human brain at work and in everyday life.
