

1. Record Nr.	UNISA996445651503316
Titolo	Frontiers in virology
Pubbl/distr/stampa	Lausanne, Switzerland : , : Frontiers Media SA, , [2021]-
ISSN	2673-818X
Descrizione fisica	1 online resource
Disciplina	630
Soggetti	Virology Microbiology Virus diseases Communicable diseases Medical virology Viruses Virus Diseases Periodical
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	Key scientific issues in this journal include, but are not limited to: virus replication strategies; structural and functional biology of viral proteins/genomes; virus-cell interactions; virus intracellular movement and transit between cells; viral pathogenesis; innate and acquired immunity against viruses; pathophysiology of viral diseases; viral diversification in host/host populations; emerging and reemerging viruses; antivirals and vaccines; virus utilization for practical purposes. -- Publisher's website.
