Note generali	"Best represented by L. C. Knights's assertion in his 1957 Shakespeare Lecture to the British Academy: "Shakespeare, like the great majority of his fellow-countrymen, 'had no politics'" (Knights 1979, 152)."
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Nota di contenuto	CONTENTS; INTRODUCTION; CHAPTER ONE; CHAPTER TWO; CHAPTER THREE; CHAPTER FOUR; CHAPTER FIVE; CHAPTER SIX; CHAPTER SEVEN; CHAPTER EIGHT; CHAPTER NINE; CHAPTER TEN; CHAPTER ELEVEN; CHAPTER TWELVE; CHAPTER THIRTEEN; NOTES ON CONTRIBUTORS
Sommario/riassunto	This book brings together a selection of essays on the reception and dissemination of Shakespeare's plays in England and beyond from the 17th century to the present. Written from the perspective of a nation or cluster of nations in which Shakespeare has been used either to reflect, legitimize or challenge different versions of authoritarian rule, each of the chapters offers a picture of Shakespeare as unwitting commentator on some of the most significant and unsettling political events in Eur...

Sommario/riassunto	The Second Century occupies a central place in the development of ancient Christianity. The aim of the book is to examine how in the cultural, social, and religious efflorescence of the Second Century, to be witnessed in phenomena such as the Second Sophistic, Christianity found a peculiar way of integrating into the more general transformation of the Empire and how this allowed the emerging

religion to establish and flourish in Graeco-Roman society. Hadrian's reign was the starting point of that process and opened new possibilities of self-definition and external self-presentation to Christianity, as well as to other social and religious agencies. Differently from Judaism, however, Christianity fully seized the opportunity, thus gaining an increasing place in Graeco-Roman society, which ultimately led to the first Christian peace under the Severan emperors. The point at issue is examined from a multi-disciplinary perspective (including archaeology, cultural, religious, and political history) to challenge well-established, but no longer satisfactory, historical and hermeneutical paradigms. The contributors aim to examine institutional issues and sociocultural processes in their different aspects, as they were made possible on Hadrian's initiative and resulted in the merge of early Christianity into the Roman Empire.
