1. Record Nr.   UNISA996464423903316

   Autore   Platzer André

   Titolo   Automated Deduction - CADE 28 [[electronic resource]] : 28th
                        International Conference on Automated Deduction, Virtual Event, July
                        12-15, 2021, Proceedings

   Pubbl/distr/stampa   Cham, : Springer International Publishing AG, 2021

   ISBN   3-030-79876-3

   Descrizione fisica   1 online resource (655 p.)

   Collana   Lecture Notes in Computer Science ; ; v.12699

   Altri autori (Persone)   SutcliffeGeoff

   Soggetti   Artificial intelligence
                        Mathematical theory of computation
                        Computer programming / software development
                        Software Engineering

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Note generali   Description based upon print version of record.

   Sommario/riassunto   This open access book constitutes the proceeding of the 28th
                        International Conference on Automated Deduction, CADE 28, held
                        virtually in July 2021. The 29 full papers and 7 system descriptions
                        presented together with 2 invited papers were carefully reviewed and
                        selected from 76 submissions. CADE is the major forum for the
                        presentation of research in all aspects of automated deduction,
                        including foundations, applications, implementations, and practical
                        experience. The papers are organized in the following topics: Logical
                        foundations; theory and principles; implementation and application;
                        ATP and AI; and system descriptions.
