Nota di bibliografia	Includes bibliographical references (p. 212).
Nota di contenuto	Report from Austria / Michael Jandl -- Report from Belgium / Sonia Gsir -- Report from France / Frederic Coste -- Report from Germany / Birgit Glorius -- Report from Italy / Ferruccio Pastore -- Report from the Netherlands / Jeroen Doomernik -- Report from Spain / Rosa Aparicio Gomez and Jose Maria Ruiz de Huidobro De Carlos -- Report from Switzerland / Paolo Ruspini -- Report from the United Kingdom / Franck Duvell -- Conclusions / Jeroen Doomernik and Michael Jandl.
Sommario/riassunto	In Europe, immigration is a politically potent issue especially when it comes to the treatment of asylum seekers and illegal labor immigrants. This volume draws the reader into the complex and contradictory world of migration regulation and control, covering the wide range of different policy approaches that aim to control the entry and residence of non-EU citizens. Revealing the common framework, tendencies, and policy convergences brought about less by design than a common concern about migration's impact on the future of the EU, Modes of Migration Regulation and Control in Europe questions the effectiveness of additional efforts in terms of their fiscal and societal costs. This important book emphasizes that European countries individually and

collectively are converging in their efforts to manage migration.
