   Sommario/riassunto This book constitutes the refereed proceedings of the Third
                     Computational Color Imaging Workshop, CCIW 2010, held in Milan,
                     Italy, in April 2010. The 16 revised full papers, presented together with
                     three invited papers, were carefully reviewed and selected from
                     numerous submissions. The papers are organized in topical sections on
                     computational photography, color and perception, color imaging, and
