1. Record Nr.   UNISA996465553803316

   Titolo   Agents for Educational Games and Simulations [[electronic resource]] : International Workshop, AEGS 2011, Taipei, Taiwan, May 2, 2011, Revised Papers / / edited by Martin Beer, Cyril Brom, Frank Dignum, Von-Wun Soo

   Pubbl/distr/stampa   Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 2012

   ISBN   3-642-32326-X

   Edizione   [1st ed. 2012.]

   Descrizione fisica   1 online resource (X, 195 p. 68 illus.)

   Collana   Lecture Notes in Artificial Intelligence ; ; 7471

   Disciplina   006.3

   Soggetti   Agents intel·ligents (Programes d'ordinador)
                          Jocs educatius
                          Ensenyament assistit per ordinador
                          Artificial intelligence
                          Application software
                          User interfaces (Computer systems)
                          Computer communication systems
                          Software engineering
                          Computer simulation
                          Artificial Intelligence
                          Information Systems Applications (incl. Internet)
                          User Interfaces and Human Computer Interaction
                          Computer Communication Networks
                          Software Engineering
                          Simulation and Modeling
                          Congressos
                          Llibres electrònics

   Lingua di pubblicazione Inglese

   Formato   Materiale a stampa

   Livello bibliografico Monografia

   Note generali   Bibliographic Level Mode of Issuance: Monograph

   Nota di bibliografia   Includes bibliographical references and index.

   Nota di contenuto   Middleware applications -- dialogues and learning -- adaption and convergence -- agent applications.

Sommario/riassunto   This book consists mainly of revised papers that were presented at the Agents for Educational Games and Simulation (AEGS) workshop held on May 2, 2011, as part of the Autonomous Agents and MultiAgent Systems (AAMAS) conference in Taipei, Taiwan. The 12 full papers presented were carefully reviewed and selected from various submissions. The papers are organized topical sections on middleware applications, dialogues and learning, adaption and convergence, and agent applications.
