   Sommario/riassunto This book constitutes the refereed proceedings of the Pacific Asia
                       Workshop on Intelligence and Security Informatics, PAISI 2011, held in
                       Beijing, China, in July 2011. The 8 revised full papers and the 5 short
                       papers presented were carefully reviewed and selected from numerous
                       submissions. The papers are organized in topical sections on terrorism

informatics and crime analysis; intelligence analysis and knowledge discovery; information access and security; and infectious disease informatics.
