1.	Record Nr.	UNISA996466157303316
	Titolo	Foundations of Software Technology and Theoretical Computer Science [[electronic resource]] : Fifth Conference, New Delhi, India, December 16-18, 1985. Proceedings / / edited by S.N. Maheshwari
	Pubbl/distr/stampa	Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 1985
	ISBN	3-540-39722-1
	Edizione	[1st ed. 1985.]
	Descrizione fisica	1 online resource (XIII, 527 p.)
	Collana	Lecture Notes in Computer Science, , 0302-9743 ; ; 206
	Disciplina	005.1
	Soggetti	Software engineering Computer logic Software Engineering/Programming and Operating Systems Software Engineering Logics and Meanings of Programs
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Bibliographic Level Mode of Issuance: Monograph
	Nota di contenuto	The mathematics of programming -- Concurrent programming using actors: Exploiting large-scale parallelism -- A new class of high level programs for distributed computing systems -- A class of termination detection algorithms for distributed computations -- New protocols for the election of a leader in a ring -- Program simplification via symbolic interpretation -- PROLOG-based inductive theorem proving -- On the calling behaviour of procedures -- Approximation algorithms for planar matching -- Geometric optimization and the polynomial hierarchy -- Deriving object octree from images -- Deduction with relation matching -- Recursively defined domains and their induction principles -- Large database specifications from small views -- A decision method for temporal logic based on resolution -- A generalization of the Parikh vector for finite and infinite words -- The implication problem for functional and multivalued dependencies : An algebraic approach -- A simple characterization of database serializability -- Who needs to verify programs if you can test them -- Partial correctness semantics for CP[?, , &] -- A proof technique for rely/guarantee properties -- A complete proof system for SCCS with
