   Sommario/riassunto This book constitutes the thoroughly refereed post-conference
                       proceedings of the 8th International Conference on Information
                       Security and Cryptology, Inscrypt 2012, held in Beijing, China, in
                       November 2012. The 23 revised full papers presented were carefully
                       reviewed and selected from 71 submissions. The papers cover the
                       topics of side channel attacks, extractor and secret sharing, public key
                       cryptography, block ciphers, stream ciphers, new constructions and
                       protocols.
