Sommario/riassunto	The nineteenth century is sometimes seen as a lacuna between two literary periods. In terms of women's writing, however, the era between the death of Mary Wollstonecraft and the 1860s feminist movement

produced a coherent body of major works, impelled by an ongoing dialogue between Enlightenment 'feminism' and late Romanticism. This study focuses on the dynamic interaction between Lord Byron and Madame de Stael, Lady Morgan, Mary Shelley and Jane Austen, challenging previous critics' segregation of the male Romantic writers from their female peers. The Romantic movement in gen

Sommario/riassunto

The six volume set LNCS 11361-11366 constitutes the proceedings of the 14th Asian Conference on Computer Vision, ACCV 2018, held in Perth, Australia, in December 2018. The total of 274 contributions was carefully reviewed and selected from 979 submissions during two rounds of reviewing and improvement. The papers focus on motion and tracking, segmentation and grouping, image-based modeling, deep learning, object recognition, object detection and categorization, vision and language, video analysis and event recognition, face and gesture analysis, statistical methods and learning, performance evaluation, medical image analysis, document analysis, optimization methods, RGBD and depth camera processing, robotic vision, applications of computer vision.
