

1. Record Nr.	UNISA996466489103316
Titolo	Backlund transformations, the inverse scattering method, solitons, and their applications : proceedings of the NSF research workshop on contact transformations, held in Nashville, Tennessee 1974 // edited by Robert M. Miura
Pubbl/distr/stampa	Berlin, Germany : , : Springer, , [1976]
ISBN	3-540-38220-8
Edizione	[1st ed. 1976.]
Descrizione fisica	1 online resource (VIII, 295 p.)
Collana	Lecture Notes in Mathematics, , 0075-8434 ; ; 515
Disciplina	515.43
Soggetti	Contact transformations
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	Experiments on solitary waves -- Stimulated Raman and Brillouin scattering and the inverse method -- Direct method of finding exact solutions of nonlinear evolution equations -- Bäcklund transformations at the turn of the century -- The application of Bäcklund transforms to physical problems -- On applications of generalized Bäcklund transformations to continuum mechanics -- Some old and new techniques for the practical use of exterior differential forms -- Bäcklund transformation of potentials of the Korteweg-deVries equation and the interaction of solitons with cnoidal waves -- Pseudopotentials and their applications -- Variational problems and Bäcklund transformations associated with the sine-gordon and Korteweg-deVries equations and their extensions -- The interrelation between Bäcklund transformations and the inverse scattering transform -- Relation between Bäcklund transformations and inverse scattering problems -- Some comments on Bäcklund transformations, canonical transformations, and the inverse scattering method.
Sommario/riassunto	Proceedings of the NSF Research Workshop on Contact Transformations, Held in Nashville, Tennessee, 1974.
