   Nota di contenuto   Generalized symmetric riemannian spaces -- Reductive spaces --
                       Differentiable s-manifolds -- Locally regular s-manifolds --
                       Operations with s-manifolds -- Distinguished s-structures on
                       generalized symmetric spaces -- The classification of generalized
                       symmetric Riemannian spaces in low dimensions -- The classification
                       of generalized affine symmetric spaces in low dimensions -- Existence
                       of generalized symmetric spaces of solvable type -- Irreducible
                       generalized affine symmetric spaces -- Generalized pointwise
                       symmetric spaces -- Non-parallel s-structures on symmetric spaces --
                       Some advanced results.
