   Soggetti           Agile software development
                      eXtreme programming

   Lingua di pubblicazione  Inglese

   Formato            Materiale a stampa

   Livello bibliografico  Monografia

   Nota di bibliografia  Includes author index

   Nota di contenuto  Agile Practices From Collaboration to Solitude and Back: Experiences
                      with Remote Pair Programming during COVID-19 UX Work in Software
                      Start-ups: Challenges from the Current State of Practice How to Write
                      Ethical User Stories? Impacts of the ECCOLA Method Process
                      Assessment Setting the Scope for a New Agile Assessment Model:
                      Results of an Empirical Study Towards a Standardized Questionnaire for
                      Measuring Agility at Team Level The Impact of Agile Transformations
                      on Organizational Performance: A Survey of Teams, Programs and
                      Portfolios Measuring Software Delivery Performance using the Four Key
                      Metrics of DevOps Large-scale Agile Evolution of the Agile Scaling
                      Frameworks Coordination Strategies: Managing Inter-team
                      Coordination Challenges in Large-scale Agile Challenges of Adopting
                      SAFe in the Banking Industry - A Study Two Years after its Introduction
                      Benefits and Challenges of Adopting SAFe - An Empirical Survey.-Short
                      Contributions Using a Low Code Development Environment to Teach

the Agile Methodology Comparing Participants' Brainwaves during Solo, Pair, and Mob Programming

| Sommario/riassunto | This open access book constitutes the proceedings of the 23rd International Conference on Agile Software Development, XP 2022, which was held in Copenhagen, Denmark, in June 2022. XP is the premier agile software development conference combining research and practice. It is a unique forum where agile researchers, practitioners, thought leaders, coaches, and trainers get together to present and discuss their most recent innovations, research results, experiences, concerns, challenges, and trends. XP conferences provide an informal environment to learn and trigger discussions and welcome both people new to agile and seasoned agile practitioners. This year's conference was held with the theme "Agile in the Era of Hybrid Work". The 13 full papers and 1 short paper presented in this volume were carefully reviewed and selected from 40 submissions. |
