

1. Record Nr.	UNISA996490071903316
Titolo	Advanced devices & instrumentation
Pubbl/distr/stampa	Washington, DC : , : American Association for the Advancement of Science (AAAS), , 2020-
ISSN	2767-9713
Disciplina	621.38
Soggetti	Electronics Photonics Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	"A Science Partner Journal" ... affiliation with Beijing Institute of Aerospace Control Devices (BIACD).
Sommario/riassunto	The mission of the journal is to publish high-impact breakthroughs at all levels of electronics and photonics, including at the device, system, and instrumentation levels. Investigations into novel ideas, methods, and techniques, as well as into novel uses of existing applications.
