| Sommario/riassunto | MathWorks is designed to meet the needs of students enrolled in the Western and Northern Canadian Protocol (WNCP) Workplace and Apprenticeship Mathematics program. The only authorized resource for Workplace and Apprenticeship Mathematics, MathWorks addresses 100% of the learning outcomes described in the WNCP Common Curriculum Framework for Grades 10-12 Mathematics. Alberta Education Assessment Standards for Mathematic 30-3: This document provides achievement indicators for specific outcomes of the curriculum, as well as standards for assessing individual student achievement relative to the curriculum outcomes. The document provides page number cross-references to the MathWorks 12 Student Resource. |
