Sommario/riassunto	MathWorks 11 Student Resource was created to help students make a connection between what they learn in school and the real world. Each chapter is designed to engage students, build their knowledge, and help them develop reasoning, visualization, communication, problem-solving, and critical thinking skills. The Student Resource will help students: Connect and apply mathematical concepts in real-world scenarios Understand how math is used in the workplace by exploring profiles of working Canadians Enhance their mental math and estimation skills Practise their new skills and develop problem-solving strategies through a series of contextual problems Reflect on their learning and assess their understanding before progressing to the next chapter
