

1. Record Nr.	UNISA996559967803316
Titolo	15026-3-2023 - IEEE/ISO/IEC International Standard - Systems and Software Engineering - Systems and Software Assurance . Part 3 : System Integrity Levels / / IEEE
Pubbl/distr/stampa	New York, USA : , : IEEE, , 2023
ISBN	979-88-557-0176-0
Descrizione fisica	1 online resource (32 pages)
Disciplina	658.5
Soggetti	Quality assurance Software engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This part of ISO-IEC 15026 specifies the concept of integrity levels with corresponding integrity level requirements that are required to be met in order to show the achievement of the integrity level. It places requirements on and recommends methods for defining and using integrity levels and their corresponding integrity level requirements. It covers systems, software products, and their elements, as well as relevant external dependencies.
