| Sommario/riassunto | "Fifty years after her first fieldwork with Ju/'hoan San hunter-gatherers, anthropologist Megan Bieselete has written this exceptional memoir based on personal journals she wrote at the time. The treasure trove of vivid learning experiences and nightly ponderings she found has led to a memoir of rare value to anthropology students and academics as well as to general readers. Her experiences focus on the long-lived healing dance, known to many as the trance dance, and the intricate beliefs, artistry, and social system that support it. She describes her immersion in a creative community enlivened and kept healthy by that dance, which she calls "one of the great intellectual achievements of humankind."-- |
