

1. Record Nr.	UNISA996574634503316
Titolo	2020 IEEE International Conference on Industrial Application of Artificial Intelligence (IAAI) // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	Piscataway : , : IEEE, , 2020
ISBN	1-66540-471-X
Descrizione fisica	1 online resource (12 pages) : illustrations (some color)
Disciplina	670.28563
Soggetti	Artificial intelligence - Industrial applications
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This conference aims to provide an opportunity for researchers to publish their gifted technological studies of advanced method in artificial intelligence and big data The main focus of this conference will be on the state of the art advances in the emerging applications in following topics Potential topics include, but are not limited to Computer vision with applications Natural language processing with applications Artificial Intelligence in Industry Data Science Applications on Power Systems Big data analysis in industrial application Smart Grid with application Intelligent information system with application Information restore enhancement with application Classification and evaluation with application Relation mining with application Machine learning in industry.
