

1. Record Nr.	UNISA996574670203316
Titolo	1900.5.1-2020 - IEEE Standard for Policy Language for Dynamic Spectrum Access Systems // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 2021
ISBN	1-5044-7261-6
Descrizione fisica	1 online resource
Disciplina	621.382
Soggetti	Spread spectrum communications
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	A vendor-independent policy language for managing the functionality and behavior of dynamic spectrum access networks based on the language requirements defined in IEEE Std 1900.5™, IEEE Standard Policy Language Requirements and System Architectures for Dynamic Spectrum Access Systems, is defined in this standard.
