   ISBN                1-7281-8167-4

   Descrizione fisica  1 online resource (xii, 176 pages) : illustrations

   Disciplina          004

   Soggetti            Computer science
                       Computer security
                       Machine learning

   Lingua di pubblicazione   Inglese

   Formato             Materiale a stampa

   Livello bibliografico     Monografia

   Sommario/riassunto  The International Conference on Advanced COMPuting and Applications
                       (ACOMP) is an annual international forum for academics, engineers,
                       practitioners and research students to exchange their ideas,
                       techniques, methods, and state of the art applications for advanced
                       computing Initially formed as a scientific venue for high performance
                       computing & advanced applications, the conference kept expanding
                       and had a pedigree of attracting international and Vietnamese
                       participants who are all interested in advanced topics of computer
                       science & engineering.
