

1. Record Nr.	UNISA996574809803316
Titolo	2021 ACM/IEEE 3rd Workshop on Machine Learning for CAD (MLCAD) / / Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	Piscataway, New Jersey : , : IEEE, , [2021] ©2021
ISBN	1-66543-166-0
Descrizione fisica	1 online resource (125 pages) : illustrations
Disciplina	620.00420285
Soggetti	Computer-aided design Machine learning
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	The objective of the International Workshop on Machine Learning for CAD (MLCAD) is to provide educational and technical enrichment for Machine Learning techniques for Computer Aided Design (CAD) and to promote the state of the art advancement MLACD is a forum for an in depth technical discussion and platform for exploring new ideas and research topics with respect to topics relevant to the CAD industry ML for system level design ML approaches to logic design ML for physical design ML for analog design ML for power and thermal management ML for Design Technology Co Optimization (DTCO) ML methods to predict aging and reliability Labeled and unlabeled data in ML for CAD ML techniques for resource management in many cores ML for Verification and Validation.
