| 1. Record Nr. | UNISA996574885303316 |
| Autore | Calafate Carlos Tavares |
| Titolo | 2021 IEEE/ACM 25th International Symposium on Distributed Simulation and Real Time Applications (DS-RT) // Carlos Tavares Calafate, Floriano De Rango |
| Pubbl/distr/stampa | Piscataway, NJ : , : IEEE Press, , 2021 |
| ISBN | 1-66543-326-4 |
| Edizione | [First edition.] |
| Descrizione fisica | 1 online resource |
| Collana | ACM Conferences |
| Disciplina | 004 |
| Soggetti | Computer systems |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Sommario/riassunto | DS-RT serves as a forum for simulationists from academia, industry and research labs, to present recent research results that target the growing overlap between large distributed simulations and real-time applications. |
