	Sommario/riassunto	Welcome to the 10th International Workshop on Eye Movements In Programming (EMIP), held in conjunction with the 44th ACM/IEEE International Conference on Software Engineering (ICSE). EMIP 2022 again focuses on advancing the methodological, theoretical, and applied aspects of eye movements in programming. The goal of the workshop is to further develop the methodology of using eye gaze tracking in a programming context, both theoretically and in applications.
