

1. Record Nr.	UNISA996575076703316
Titolo	2022 International Conference on Intelligent Technology, System and Service for Internet of Everything (ITSS-IoE) // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 2022 ©2022
ISBN	1-66545-998-0
Descrizione fisica	1 online resource (44 pages)
Disciplina	371.3
Soggetti	Educational innovations
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	ITSS IoE 2022 aims to promote worldwide, research work, innovative and unique ideas of leading academic scientists, experts, researchers and research scholars. The latest and innovative research work is covered by advanced engineering, intelligent technologies, and their applications on advanced computing and communication to ensure social development using Internet of Everything (IoE) systems for targeted audiences (i.e. users, researchers, robots, machines) and future ecosystems. ITSS IoE 2022 platform ensures a high profile, leading edge forum for individuals, communities, organizations, and countries by reuniting reputed researchers, research scholars and engineers to exchange their advanced and innovative ideas. In addition to academia, practitioners, industry, and global leaders will put together their valuable motivational speech about most recent innovations, trends, concerns, practical challenges of IoE at this conference to inspire by giving plenary lectures.
