

1. Record Nr.	UNISA996575151403316
Titolo	2022 IEEE Energy Conversion Congress and Exposition (ECCE) // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 2022
ISBN	1-7281-9387-7
Descrizione fisica	1 online resource
Disciplina	621.31
Soggetti	Direct energy conversion Electric power systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	ECCE is the world s leading technical conference that brings together, a multi disciplinary group of researchers, practicing engineers, and scientists from all over the world to present and exchange break through ideas on energy conversion solutions ECCE is a unique blend of the best in applied integrated systems research with innovations in individual energy conversion components ECCE includes peer reviewed technical presentations, special panel and plenary sessions, interactive town hall sessions, tutorials, and an exhibition that showcases the state of the art technologies, products, and solutions relating to energy conversion.
