

1. Record Nr.	UNISA996575257003316
Titolo	C63.30-2021 - American national standard for methods of measurements of radio-frequency emissions from wireless power transfer equipment // IEEE
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 2021
ISBN	1-5044-7803-7
Descrizione fisica	1 online resource
Disciplina	621.319
Soggetti	Wireless power transmission Wireless communication systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	U.S. consensus standard methods, instrumentation, and facilities for measurement of radio-frequency (RF) emissions and signals emitted from wireless power transfer equipment in the frequency range from 9 kHz to 40 GHz are specified. This standard does not include generic nor product-specific emission limits. Where possible, the specifications herein are harmonized with other national and international standards used for similar purposes.
