Sommario/riassunto

The care of the needy and the sick is delivered by various groups including immediate family, the wider community, religious organisations and the State funded institutions. The Locus of Care provides an historical perspective on welfare detailing who carers were in the past, where care was provided, and how far the boundary between family and state or informal and organised institutions have changed over time. Eleven international contributors provide a wide-ranging examination of themes, such as child care, mental health, and provision for the elderly and question the idea that there has

| Sommario/riassunto      | The 9 volume set LNCS 15484-15492 constitutes the refereed proceedings of the 30th International Conference on the Theory and Application of Cryptology and Information Security, ASIACRYPT 2024, which took place in Kolkata, India, during December 9–13, 2024. The 127 full papers included in the proceedings were carefully reviewed and selected from 433 submissions. They were organized in topical sections as follows: Advances Primitives; homomorphic encryption; |

digital signatures; public-key cryptography; pairing-based cryptography, threshold cryptography; isogeny-based cryptography; post-quantum cryptography; secure data structures; lattice-based cryptography; lattice assumptions; key exchange protocols; succinct arguments; verifiable computation, zero-knowledge protocols; secure multiparty computation; blockchain protocols; information theoretic cryptography; secret sharing; security against physical attacks; cryptanalysis on symmetric-key schemes; cryptanalysis on public-key schemes; fault attacks and side-channel analysis; cryptanalysis on various problems; quantum cryptanalysis; quantum cryptography; symmetric-key cryptography.
