

1. Record Nr.	UNISA996647841703316
Autore	Krzanowski Roman
Titolo	Advances of Philosophy in AI / / Roman Krzanowski, Teresa Marcinów
Pubbl/distr/stampa	Warsaw ; ; Berlin : , : Sciendo, , [2024] 2024
ISBN	83-68412-00-5
Edizione	[1st ed.]
Descrizione fisica	1 online resource
Soggetti	PHILOSOPHY / General
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Frontmatter -- Content -- Introduction -- Part I: AI's Past, Present and Future -- Part II: The Philosophical Roots of AI -- Part III: Perspectives on Philosophy in AI -- Index -- Authors
Sommario/riassunto	This work offers a comprehensive philosophical reflection on artificial intelligence, particularly its definitions, development, and implications. It begins by addressing the definitional challenges of intelligence, comparing natural and artificial forms of intelligence, and tracing the historical context of intelligence from Aristotle to modern AI research. The exploration of intelligence extends to various academic disciplines, including psychology, biology, and cognitive science, showing how these fields contribute to understanding intelligence and its artificial counterparts.
