Sommario/riassunto

Working to be Someone presents an overview of worldwide research on working children that considers children's own views of employment in favour of adult-constructed arguments about child work. This book brings together contributions by internationally renowned researchers who are committed to a 'subject-orientated' approach as well as views and observations of activists from organizations that either work with child labour or support working children's movements. Chapters examine the traditionally widespread care and domestic work carried out by children, discuss localized explorations of wor
