Food Assistance: The Legacy of New Deal Policy Choices -- Epilogue -- Acknowledgments to the 2014 Edition -- Sources -- Notes -- Index
Sommario/riassunto	At no time during the Great Depression was the contradiction between agriculture surplus and widespread hunger more wrenchingly graphic than in the government's attempt to raise pork prices through the mass slaughter of millions of "unripe" little pigs. This contradiction was widely perceived as a "paradox." In fact, as Janet Poppendieck makes

clear in this newly expanded and updated volume, it was a normal, predictable working of an economic system rendered extreme by the Depression. The notion of paradox, however, captured the imagination of the public and policy makers, and it was to this definition of the problem that surplus commodities distribution programs in the Hoover and Roosevelt administrations were addressed. This book explains in readable narrative how the New Deal food assistance effort, originally conceived as a relief measure for poor people, became a program designed to raise the incomes of commercial farmers. In a broader sense, the book explains how the New Deal years were formative for food assistance in subsequent administrations; it also examines the performance--or lack of performance--of subsequent in-kind relief programs. Beginning with a brief survey of the history of the American farmer before the depression and the impact of the Depression on farmers, the author describes the development of Hoover assistance programs and the events at the end of that administration that shaped the "historical moment" seized by the early New Deal. Poppendieck goes on to analyze the food assistance policies and programs of the Roosevelt years, the particular series of events that culminated in the decision to purchase surplus agriculture products and distribute them to the poor, the institutionalization of this approach, the results achieved, and the interest groups formed. The book also looks at the takeover of food assistance by the U.S. Department of Agriculture and its gradual adaptation for use as a tool in the maintenance of farm income. Utilizing a wide variety of official and unofficial sources, the author reveals with unusual clarity the evolution from a policy directly responsive to the poor to a policy serving mainly democratic needs.

Front Matter -- Copyright page -- Einleitung -- Jenseits von starren Grenzen / Andreas Kilcher and Urs Lindner -- Theoretische Perspektiven -- Assimilation im Spannungsfeld von Hybridität und Pflanzung / Uwe Wirth -- Assimilation, Integration und Identität / Michael Dusche -- Der anerkennende Dialog als Assimilation / Urs Hofer -- Ethnische Magnetisierung / Robert Matthias Erdbeer -- Das „Going native“ des primitivistischen Künstlers als extreme Assimilation / Ladina Fessler -- „Slave I cannot call him.“ / Alexander Honold -- Imitation, Assimilation, Segregation / Urs Lindner -- Sprache der Assimilation -- Hierarchische vs. reziproke Assimilation / Tilman Borsche -- Assimilation als sprachbildende Kraft / Andreas Kilcher -- Angst vor der Assimilation / Anika Reichwald -- Verteidigung der Differenz / Stephan Braese -- Assimilation als Kreolisierung / Patrick Eisenlohr -- Hinglish und Banglish / Hans Harder -- Politik der Assimilation -- Der Jude als Paria / Liliane Weissberg -- Verweigerte Sprachassimilation / Hans-Joachim Hahn -- „Ein charakterloses Jagen nach Emancipation ...“ / Philipp Lenhard -- Zwischen Assimilation und Abgrenzung / Johannes Beltz -- Mit Differenz leben, oder: die Aussichtslosigkeit der Assimilation / Martin Fuchs -- Assimilation in a Postcolonial Context: the Hindu Nationalist Discourse on Westernization / Sylvie Guichard -- Back Matter -- Autor*innenverzeichnis.

Sommario/riassunto

Ist Assimilation eine reaktionäre Forderung? Der Band unterstreicht die analytische Fruchtbarkeit des Assimilationskonzepts und legt bisher vernachlässigte normative Gehalte frei. Anhand der jüdischen Assimilation und (post-)kolonialen Konstellationen werden Prozesse und Repräsentationen der Verähnlichung und Inkorporierung in ihrer Komplexität, Ambivalenz und Widerspenstigkeit untersucht. Assimilation erscheint dabei als politisches Geschehen, das nicht nur mit polemischen Äußerungsformen verbunden ist, sondern das Sprache selbst zum Gegenstand hat. Statt Eingliederung in eine Monokultur, so wird gezeigt, kann Assimilation auch reziprokes, nicht-hierarchisches Lernen bedeuten und besitzt damit ein interkulturelles Potenzial, das starre Grenzziehungen und Essentialisierungen aufbricht.
