Imaginary Worlds: Utopia and Virtuality -- Index.
Sommario/riassunto	Creativity is getting new attention in today's America--along the way revealing fault lines in U.S. culture. Surveys show people overwhelmingly seeing creativity as both a desirable trait and a work enhancement, yet most say they just aren't creative. Like beauty and wealth, creativity seems universally desired but insufficiently possessed. Businesses likewise see innovation as essential to productivity and growth, but can't bring themselves to risk new ideas. Even as one's "inner artist" is hyped by a booming self-help industry,

creative education dwindles in U.S. schools. *Anxious Creativity: When Imagination Fails* examines this conceptual mess, while focusing on how America's current edginess dampens creativity in everyone. Written in an engaging and accessible style, *Anxious Creativity* draws on current ideas in the social sciences, economics, and the arts. Discussion centers on the knotty problem of reconciling the expressive potential in all people with the nation's tendency to reward only a few. Fortunately, there is some good news, as scientists, economists, and creative professionals have begun advocating new ways of sharing and collaboration. Building on these prospects, the book argues that America's innovation crisis demands a rethinking of individualism, competition, and the ways creativity is rewarded.

3. Record Nr.	UNINA9910967613503321
Autore	Zernova Margarita

-- Restorative ideals re-examined.

Sommario/riassunto

This book provides a critical perspective on the aspirations of advocates of restorative justice and the direction in which restorative justice is developing. It examines ways forward for the restorative justice movement - and the development of practices - with a coherent set of restorative justice ideals.
