

1. Record Nr.	UNISALENTO991001087809707536
Autore	Altman, Laurence
Titolo	Microprocessors / edited by Laurence Altman
Pubbl/distr/stampa	New York : McGraw-Hill Book Co., 1975
Descrizione fisica	vi, 154 p. : ill. ; 28 cm.
Collana	Electronics Book Series
Classificazione	621.3.2.5 621.3.8 621.3.9 621.3819'58'3 TK7888.3.M54
Soggetti	Microprocessors
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNISA996201267803316
Titolo	Ciba Foundation symposium on leukemia research [[electronic resource] /] / editors for the Ciba Foundation, G.E.W. Wolstenholme and Margaret P. Cameron ; assisted by Joan Etherington
Pubbl/distr/stampa	Boston, : Little, Brown, 1954
ISBN	1-280-76846-0 9786613679239 0-470-71890-0 0-470-71633-9
Descrizione fisica	1 online resource (336 p.)
Collana	Novartis Foundation Symposia ; ; v.878
Altri autori (Persone)	WolstenholmeG. E. W (Gordon Ethelbert Ward) CameronMargaret P
Disciplina	616.15
Soggetti	Leukemia
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"With 56 illustrations."
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	LEUKEMIA RESEARCH; CONTENTS; Chairman's Opening Remarks; On leukemia research; Therapeutic correlation between mouse and human leukemia; The shortcomings of animal research in leukemia; Discussion; The concept of conditioned and autonomous neoplasms; Discussion; The method of quantitative determination of fowl leukemia virus; Studies on the endocellular distribution of the transmissible fowl leukemia virus; Discussion; Some experimental observations on a strain of transmissible aleukemic leukemia (RPL 12 lymphoid tumour); Discussion Transmissible mouse leukemia: biological properties of the mouse leukemia agent Discussion; The phenomena of resistance and dependence in leukemic cells; Discussion; Leukemic forms of the Murray-Begg endothelioma; Discussion; Respective values of electron and phase-contrast microscopy in the study of the leukemic cell; Discussion; Induction of leukemia by ionizing irradiation; Discussion; Studies on the modification of radiation injury; Discussion; The role of bone marrow and spleen in induced and spontaneous lymphatic leukemia; Discussion

Experimental and clinical aspects of the action of various carboxylic acid derivatives in the aromatic nitrogen mustard series Clinical experience with Myleran therapy, especially in myeloid leukemia; Discussion; A new colchicine derivative (Demecolcin CIBA) as a cytostatic agent in myelogenous leukemia; Discussion; The effect of 1 : 3-bis (ethyleneimino sulphonyl) propane in animal tumours and human leukemia; Discussion; The growth-inhibiting action of mitotic poisons in experimental and human leukemias; Discussion; The designing of selective drugs; Discussion
General Discussion-Where do we go from here? New ideas for research on leukemia

3. Record Nr.	UNICASRML0295309
Autore	Rogers, Leonard Christopher Gordon
Titolo	Diffusions, Markov Processes and Martingales / L. C. G. Rogers , David Williams
Pubbl/distr/stampa	Cambridge, : Cambridge University Press, 2005
Edizione	[2. ed]
Descrizione fisica	2 v. ; 23 cm
Altri autori (Persone)	William, David
Disciplina	519.2
Soggetti	Logica matematica e probabilità
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Rist. della 2. ed.

4. Record Nr.	UNINA9910795222803321
Autore	Weinberg Eric
Titolo	Blood on Their Hands : How Greedy Companies, Inept Bureaucracy, and Bad Science Killed Thousands of Hemophiliacs / / Eric Weinberg, Donna Shaw
Pubbl/distr/stampa	New Brunswick, NJ : , : Rutgers University Press, , [2017] ©2017
ISBN	0-8135-7623-7 0-8135-7624-5
Descrizione fisica	1 online resource (xiii, 285 pages) : illustrations
Disciplina	343.7307/86161572061
Soggetti	Biological products - Law and legislation - United States Blood - Transfusion - Complications - United States Products liability - United States Blood banks - United States - Quality control Hemophilia - Law and legislation - United States - Criminal provisions Hemophiliacs - Legal status, laws, etc - United States Hemophiliacs - Infections - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Frontmatter -- CONTENTS -- Preface and Acknowledgments -- Note on Text -- 1. Liquid Gold -- 2. Beginnings -- 3. How Could It Happen and Nobody Did Anything Wrong? -- 4. A History Ignored -- 5. Digging In -- 6. Reaching Out -- 7. Help Wanted -- 8. All for Business -- 9. Somewhere Here, I Have the Documents -- 10. More Lawyers, More Experts -- 11. A Meeting with Roger -- 12. An Act of Man -- 13. The Trouble with Torts -- 14. I Murdered My Child, But Not Alone -- 15. Of Sheep and Men -- 16. A Failure of Leadership -- 17. From Prime Chuck to Dogeza -- 18. Endings -- Epilogue -- Notes -- Index
Sommario/riassunto	A few short years after HIV first entered the world blood supply in the late 1970s and early 1980s, over half the hemophiliacs in the United States were infected with the virus. But this was far more than just an unforeseeable public health disaster. Negligent doctors, government

regulators, and Big Pharma all had a hand in this devastating epidemic. Blood on Their Hands is an inspiring, firsthand account of the legal battles fought on behalf of hemophiliacs who were unwittingly infected with tainted blood. As part of the team behind the key class action litigation filed by the infected, young New Jersey lawyer Eric Weinberg was faced with a daunting task: to prove the negligence of a powerful, well-connected global industry worth billions. Weinberg and journalist Donna Shaw tell the dramatic story of how idealistic attorneys and their heroic, mortally-ill clients fought to achieve justice and prevent further infections. A stunning exposé of one of the American medical system's most shameful debacles, Blood on Their Hands is a rousing reminder that, through perseverance, the victims of corporate greed can sometimes achieve great victory.
