Sommario/riassunto

Fernsehen ist nie direkter zu erleben als beim Live-TV. Kommentiert, geschnitten und ausgestrahlt auf die Sekunde - eine Übertragung in Echtzeit. Top oder Flop liegen daher nirgendwo so nah beieinander wie bei einer Live-Sendung. Ob bei Nachrichten, Magazinen, Shows oder Events: Jede Sekunde im Sendeablauf muss perfekt sein, denn ohne sorgfältige Planung und ohne Kenntnisse der Produktionszusammenhänge läuft nichts im Live-Betrieb. Wolfgang Lanzenberger, Leiter Regie der ProSiebenSat.1 Produktion, erklärt, auf was es bei einer Live-Sendung ankommt. Von der Themenplanung über die Bildgestaltung bis zur Ablaufsteuerung, dem Einsatz von Grafiken und virtuellen Effekten sowie der Anbindung zu Social-Media-Kanälen zeigt der erfahrene Regisseur und Fernsehjournalist, wie die Arbeit im Studio reibungslos funktioniert. "Live-TV" ist mit vielen konkreten Beispielen, Checklisten, Filmen und Interviews auch ein Ideengeber für erfolgreich produziertes Fernsehen, das sich in einem verschärften Wettbewerbsumfeld künftig noch stärker behaupten muss. Ein unverzichtbarer Ratgeber für alle, die mehr über die Königsdisziplin des Fernsehens erfahren möchten - oder eine Karriere als TV-Profi planen.

Sommario/riassunto

“A brilliant book on the practices and politics of making multilingual theatre in a in a European continent in flux where language is anything but stable.” — Professor Maria Delgado, Royal Central School of Speech and Drama, University of London “Profoundly impactful for our understanding of dramaturgy, translation, collaboration.” —Professor Patrick Lonergan, University of Galway Multilingual Dramaturgies provides a study of dramaturgical practices in contemporary multilingual theatre in Europe. Featuring interviews with international theatremakers, the book gives an insight to diverse approaches towards multilingual theatre and its dramaturgy that reflect cultural, political, and economic landscapes of contemporary Europe, its inhabitants, and its theatres. First-hand accounts are contextualized to reveal a complex set of negotiations involved in the creative and political tasks of staging multilingualism and engaging the audience, as well as in practical issues like funding and developing working models. By bringing voices of artists together and providing a critical commentary, the book reveals multilingual dramaturgies as webbed practices of differences that also offer new ways of understanding and performing identity in European context. Multilingual Dramaturgies sheds light on an exciting theatre practice, argues for its central role in European future, and highlights potential directions for its further development. Kasia Lech is a scholar, actor, storyteller, dramaturg, puppeteer, and Associate Professor in Global Performance History at the University of Amsterdam. Her research and creative practice explore theatre through practice-based and traditional scholarship and primarily focus on theatre in relation to multilingualism, verse, translation, migration, dramaturgy, and cross-cultural encounters. Kasia is the author of *Dramaturgy of Form: Performing Verse in Contemporary Theatre* (2021). She performed internationally and co-founded Polish Theatre Ireland, a multilingual theatre company based in Dublin. She is an Executive Director at TheTheatreTimes.com, a global theatre portal which seeks to decolonize theatre criticism. She co-convenes the Translation Adaptation Dramaturgy working group at the International Federation for Theatre Research. .
