Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	A new era in international relations -- The global war on terrorism -- U.S. grand strategy and the role of allies -- The diplomatic element of national power -- The information element of national power -- The military element of national power -- The economic element of power -- The intelligence and law enforcement elements of national power -- A complex and dangerous world -- The long road ahead.
Sommario/riassunto	This book argues that the United States is waging an unwinnable war against terrorism-that Muslim extremist ideology is a problem we cannot soon solve, but only manage using all the elements of national power: diplomatic, information, military, economic, intelligence, and law enforcement.
