

1. Record Nr.	UNISALENTO991001243099707536
Autore	Conference on probabilistic methods in differential equations <1974 ; Victoria>
Titolo	Probabilistic methods in differential equations : proceedings of the conference held at the University of Victoria, August 19-20, 1974 / edited by M. A. Pinsky
Pubbl/distr/stampa	Berlin ; New York : Springer-Verlag, 1975
ISBN	3540071539
Descrizione fisica	vi, 162 p. ; 25 cm
Collana	Lecture notes in mathematics, 0075-8434 ; 451
Classificazione	AMS 47-06 AMS 47E05 AMS 60H
Altri autori (Persone)	Pinsky, Mark A.
Disciplina	515.724
Soggetti	Markov processes - Congresses Operator theory - Congresses Stochastic differential equations - Congresses
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes bibliographical references

2. Record Nr.	UNINA9910791316303321
Autore	Sedlak David L.
Titolo	Water 4.0 : the past, present, and future of the world's most vital resource // David Sedlak
Pubbl/distr/stampa	New Haven, Connecticut : , : Yale University Press , , [2014] ©2014
ISBN	0-300-19935-X
Descrizione fisica	1 online resource (349 pages)
Classificazione	NAT038000ARC010000BUS067000
Disciplina	333.91
Soggetti	Water - History Water and civilization - History Water resources development - History Water-supply engineering - History
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Contents -- Preface -- Acknowledgments -- 1. Water Supply in Rome, the World's First Metropolis -- 2. The Bucket Era -- 3. Europe's Sewage Crisis -- 4. Growing Old Thanks to Water Treatment -- 5. Burning Rivers, Fading Paint, and the Clean Water Movement -- 6. The Chlorine Dilemma -- 7. "Drains to Bay" -- 8. Traces of Trouble: Hormones, Pharmaceuticals, and Toxic Chemicals -- 9. Paying for the Fourth Revolution -- 10. The Toilet- to- Tap Solution -- 11. Turning to the Sea for Drinking Water -- 12. A Different Tomorrow -- 13. Reflections -- Notes -- Index
Sommario/riassunto	Turn on the faucet, and water pours out. Pull out the drain plug, and the dirty water disappears. Most of us give little thought to the hidden systems that bring us water and take it away when we're done with it. But these underappreciated marvels of engineering face an array of challenges that cannot be solved without a fundamental change to our relationship with water, David Sedlak explains in this enlightening book. To make informed decisions about the future, we need to understand the three revolutions in urban water systems that have occurred over the past 2,500 years and the technologies that will remake the system. The author starts by describing Water 1.0, the early

Roman aqueducts, fountains, and sewers that made dense urban living feasible. He then details the development of drinking water and sewage treatment systems-the second and third revolutions in urban water. He offers an insider's look at current systems that rely on reservoirs, underground pipe networks, treatment plants, and storm sewers to provide water that is safe to drink, before addressing how these water systems will have to be reinvented. For everyone who cares about reliable, clean, abundant water, this book is essential reading.

3. Record Nr.	UNINA9910476920603321
Autore	Wittger Bea <p>Bea Wittger, Universität zu Köln, Deutschland </p>
Titolo	Squatting in Rio de Janeiro : Constructing Citizenship and Gender from Below / Bea Wittger

Sommario/riassunto	<p>The Brazilian Constitution provides a remarkable set of social rights, including the right to housing. Despite this fact, struggles for decent living conditions have become key issues in the daily urban lives of many people in Brazil. Contesting the differentiated access to housing, social movements occupy empty buildings in the cities to challenge historically-rooted and excluding urban politics. Exploring the occupants' agency, Bea Wittger draws attention to the important role of female actors within the buildings. Through oral histories of participants of two squats in Rio de Janeiro, the book delivers a deep insight "from below" into their own perspectives on citizenship and gender.</p> <p>Besprochen in: C3 - Bibliothek für Entwicklungspolitik, 5 (2017) Fraunhofer IRB, 5 (2017)</p> <p>»Mit ihrem Buch gibt Bea Witters dezidierte Einblicke in die alltägliche Auseinandersetzung darum wie ein Recht auf Wohnen von den Besetzer_innen verwirklicht bzw. verteidigt wird und welche An- und Widersprüche damit verbunden sind.«</p> <p>»Eine lesenswerte, in Teilen gegenüber der eigenen Position als Wissenschaftlerin sehr selbstkritische Studie, die Einblicke in heterogene Lebensentwürfe und Denkweisen zweier Hausbesetzungen in Rio de Janeiro zulässt.«</p>
