## Sommario/riassunto

This book examines the trans-border connections between militant and criminal networks and the relationship between these and the states in which they operate. "Unholy alliances" is a term used to describe hybrid trans-border militant and criminal networks that pose serious threats to security in Europe and elsewhere. Identity networks provide the basis for militant organizations using violent strategies - insurgency and terrorism - for political objectives. To gain funds and weapons militant networks may establish criminal enterprises, or align with existing trans-border cri
