Sommario/riassunto	In 1949, Ireland left the Commonwealth and the British Empire began its long fragmentation. The relationship between the new Republic of Ireland and Britain was a complex one however, and the traditional assumption that the Republic would universally support self-determination overseas and object to 'imperialism' does not hold up to historical scrutiny. In reality, for economic and geopolitical reasons, the Republic of Ireland played an important role in supporting the Empire-demonstrated clearly in Ireland's active involvement in the Cyprus Emergency of the 1950s. As Helen O'Shea reveals, wh
