

1. Record Nr.	UNINA990000476010403321
Autore	Scuola internazionale di fisica Enrico Fermi : <25. ; : 1962
Titolo	Teoria dei plasmi : rendiconti della scuola internazionale di fisica "Enrico Fermi" : 25. corso : Varenna sul lago di Como, Villa Monastero, 9-21 luglio 1962 / a cura di M. N. Rosenbluth
Pubbl/distr/stampa	New York ; London : Academic Press, 1964
Descrizione fisica	XII, 266 p. : ill. 1 tav. ; 24 cm
Disciplina	537.532
Locazione	DINEL
Collocazione	10 B I 106
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Altro frontespizio in inglese In testa al frontespizio "Società italiana di fisica"

2. Record Nr.	UNINA9910466501603321
Autore	Jordan-Zachery Julia Sheron
Titolo	Shadow bodies : black women, ideology, representation, and politics / / Julia S. Jordan-Zachery
Pubbl/distr/stampa	New Brunswick, [New Jersey] : , : Rutgers University Press, , 2017 ©2017
ISBN	0-8135-9341-7 0-8135-9343-3
Descrizione fisica	1 online resource (214 pages) : illustrations
Disciplina	305.48896073
Soggetti	African American women - Social conditions Feminism Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Contents -- Preface -- Introduction -- 1. Different Streams Of Knowledge: Theoretically Situating This Study -- 2. Inscribing And The Black (Female) Body Politic -- 3. Uncovering Talk Across Time And Space: Black Women Elected Officials, Essence And Ebony, And Black Female Bloggers -- 4. "Safe, Soulful Sex": HIV/AIDS Talk -- 5. Killing Me Softly: Narratives On Domestic Violence And Black Womanhood -- 6. "Why So Many Sisters Are Mad And Sad": Talking About Black Women With Mental Illnesses -- 7. Sister Speak: Using Intersectionality In Our Political And Policy Strategizing -- Appendix -- Acknowledgments -- Notes -- References -- Index -- About The Author
Sommario/riassunto	What does it mean for Black women to organize in a political context that has generally ignored them or been unresponsive although Black women have shown themselves an important voting bloc? How for example, does #sayhername translate into a political agenda that manifests itself in specific policies? Shadow Bodies focuses on the positionality of the Black woman's body, which serves as a springboard for helping us think through political and cultural representations. It does so by asking: How do discursive practices, both speech and

silences, support and maintain hegemonic understandings of Black womanhood thereby rendering some Black women as shadow bodies, unseen and unremarked upon? Grounded in Black feminist thought, Julia S. Jordan-Zachery looks at the functioning of scripts ascribed to Black women's bodies in the framing of HIV/AIDS, domestic abuse, and mental illness and how such functioning renders some bodies invisible in Black politics in general and Black women's politics specifically.

3. Record Nr.	UNISALENT0991001387629707536
Autore	Villanacci, Gerardo
Titolo	Confideiussione e obbligazione solidale / Gerardo Villanacci
Pubbl/distr/stampa	Napoli [etc.] : Edizioni scientifiche italiane, [2005]
ISBN	8849510438
Descrizione fisica	99 p. ; 24 cm
Collana	Quaderni della Rassegna di diritto civile
Disciplina	346.4502
Soggetti	Obbligazioni solidali - Italia
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Include riferimenti bibliografici (p. 95-97)

4. Record Nr.	UNINA9910300200903321
Titolo	Branched Chain Amino Acids in Clinical Nutrition : Volume 2 // edited by Rajkumar Rajendram, Victor R. Preedy, Vinood B. Patel
Pubbl/distr/stampa	New York, NY : , : Springer New York : , : Imprint : Humana, , 2015
ISBN	1-4939-1914-8
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (342 p.)
Collana	Nutrition and Health, , 2628-1961
Disciplina	572 610 616.2 641.3
Soggetti	Nutrition Food science Food Science
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Part I. Role of Branched Chain Amino Acids in Healthy Individuals -- 1. Tolerability of leucine -- 2. Leucine-protein supplemented recovery and exercise -- 3. Use of whey and leucine on muscle -- 4. Branched chain amino acids and muscle atrophy protection -- 5. Role of branched chain amino acids in cellular and organ damage: the prognostic significance of the preoperative branched chain amino acid to tyrosine ratio -- Part II. Branched Chain Amino Acids: Status in Disease States -- 6. Branched chain amino acids in heart failure -- 7. Mitochondrial tRNA valine in cardiomyopathies -- 8. Branched chain amino acids on psychomotor performance -- 9. The branch chain amino acids in the context of other amino acids in traumatic brain injury -- 10. Branched chain amino acids in chronic obstructive pulmonary disease -- Part III. Branched Chain Amino Acids and Liver Diseases -- 11. Identification of branched chain amino acids; underlying molecular pathways using transcriptomic analysis: application to cirrhosis -- 12. Branched chain amino acids supplementation and plasma albumin -- 13. Late evening snack, branched chain amino acids and cirrhosis -- 14. Branched chain amino

acids and organ transplantation -- 15. Basic aspects in prevention of post-transplant bacteremia by branched chain amino acids -- 16. Branched chain amino acids and postoperative quality of life -- Part IV. Branched Chain Amino Acid Supplementation Studies in Certain Patient Populations -- 17. Leucine-protein functional adaptation in the clinical setting -- 18. Branched chain amino acids supplementation and glycemic control -- 19. Leucine supplementation and insulin resistance -- 20. Weight loss and branched chain amino acids and their metabolites -- 21. Branched chain amino acid cocktails and skin -- 22. Branched chain amino acids in inherited muscle disease: the case of Duchhene muscular dystrophy -- 23. Use of branched chain amino acids (BCAA) during radiotherapy -- 24. Oral branch chain amino acids and encephalopathy -- 25. Web based resources, and suggested readings.

Sommario/riassunto

This is the second volume in a 2-volume compendium that is the go-to source for both research- and practice-oriented information on the importance of branched chain amino acids in maintaining the nutritional status and overall health of individuals, especially those with certain disease conditions. Over 150 well recognized and respected contributors have come together to compile these up-to-date and well-referenced works. The volumes will serve the reader as the benchmarks in this complex area of interrelationships between dietary protein intakes and individual amino acid supplementation, the unique role of the branched chain amino acids in the synthesis of brain neurotransmitters, collagen formation, insulin and glucose modulation and the functioning of all organ systems that are involved in the maintenance of the body's metabolic integrity. Moreover, the physiological, genetic and pathological interactions between plasma levels of branched chain amino acids and aromatic amino acids are clearly delineated so that students as well as practitioners can better understand the complexities of these interactions. Branched Chain Amino Acids in Clinical Nutrition: Volume 2 covers the role of branched chain amino acids in healthy individuals, and branched chain amino acid status in disease states, liver diseases, and supplementation studies in certain patient populations.
